GLADIOLUS

1937

Lloyd's Gladiolus Gardens
Bremen, Indiana

GREETING

We wish to thank our many friends and customers; we appreciate your patronage and hope to please you always. We also appreciate the many fine letters complimenting our varieties.

We are offering four new varieties this season that are all outstanding, and hope you will enjoy growing them.

Yours for a Successful 1937,

LLOYD O. ZIMMER.

BARON MUNCHAUSEN

INTRODUCING
THE BEAUTIFUL NEW GIANT
GLADIOLUS

BARON
MUNCHAUSEN

1937

Baron Munchausen (Zimmer) Large Exhibition. Attractive Scarlet with slight marking of Rose in the throat. Tall strong grower with eight to twelve florets of enormous size open at once. Blooms in about eighty-five days. This variety sets seed easy and carries the enormous size to its offspring; therefore very valuable for hybridizing. Price for any size bulb \$25.00. No bulblets for sale this season. This will also be our price for 1938. With no bulblets for sale. We will offer \$10.00 in cash for the best spike of Baron Munchausen exhibited at any 1937 Gladiolus Show in the United States or Canada.

“Zimmer’s For Winners.”

JUST RITE

JUST RITE

1937

Just Rite (Zimmer) Decorative medium tall. The most dazzling Scarlet red that I ever saw. Eight to ten blooms open at once on a twenty bud spike. Blooms in about eighty days. I named a Gladiolus Just Rite in 1929, but lost the entire stock by freezing so will introduce this variety under the name of Just Rite. Bulbs all sizes \$2.50. No bulblets for sale this season.

"Zimmer's For Winners."

ALLAGLOW

ALLAGLOW

1937

Allaglow (Zimmer) Decorative medium tall Bergonia Rose with dark Rose blotch. Spike usually has eighteen to twenty buds all showing color with many open at once. This variety blooms in about seventy-five days. Bulbs any size \$2.50. No bulblets for sale this season.

INDIAN PRINCESS

1937

Indian Princess (Zimmer) Decorative tall Tyrian Rose ruffled. This is a seedling from Queen of Bremen with Dream o' Beauty the pollen parent. Indian Princess has discarded the faults of both parents. Has a nice straight spike with blooms well placed. Blooms from small bulbs and large bulblets. Fast propagator and bulblets germinate very easy. Blooms in about seventy-five days. Price any size bulb \$2.50. No bulblets for sale this season.

AN APPRECIATION

Indianapolis, Ind.

Sept. 30, 1936.

Mr. Lloyd Zimmer,
Bremen, Ind.

Dear Lloyd:

Just a word regarding the two spikes of Baron Munchausen you gave me. These spikes were laid in the back seat of the car and carried to Indianapolis from your planting. They were wilted upon arrival as no flower out of water could stand that heat.

I immediately placed them in water and much to my great surprise they revived perfectly and opened up and held nine and ten open florets for several days. Baron Munchausen looks good to me. If it performs for others as it does in your plantings it is the best red in its class.

Sincerely,

Paul T. Ulman.

Mr. Ulman is Assistant State Entomologist and Vice-President of the Indiana Gladiolus Society.
